CINEMA CONTOUR FRAME - HIGH CONTRAST SURFACE Permanent Wall Mounted Projection Screens

Cinema Contour Frame screens have a High Contrast surface which is fire and mildew resistant. Screen surface has reinforced black webbing on all four sides standard and attaches to the frame with metal snaps. The frame conceals the snaps and webbing. The screen frame is 75 mm thick x 40 mm wide with a tapered front edge to reduce shadows on the viewing surface. The frame is made of aluminium and finished with textured black powder coat and is slip-jointed at corners. Standard wall mounting brackets are included.
